2. Introduction

Hamwic Education Trust (HET) believe that all pupils should receive a high quality, enriching, learning experience in a safe and inclusive environment, which promotes excellence through a broad curriculum that prepares them for their future and opens doors to a diverse array of opportunities as well as that all pupils and adults within HET flourish as individuals and together.

This policy is for all employees working within a HET school or establishment (which for ease of reference are referred to throughout this document as 'schools') or the HET Managed Service (MS) Team.

It does not apply to agency workers, consultants, self-employed contractors, volunteers or work experience students."

3. Health & Safety Policy Statement

HET's Board of Trustees (BoT) recognises that under the Health and Safety at Work etc. Act 1974 it has a duty to ensure, so far as is reasonably practicable, the safety, health and welfare of all persons affected by its activities and accepts that it has a responsibility to take all reasonably practicable steps to secure the health and safety of pupils, staff and others using HET premises or participating in sponsored activities. It believes that the prevention of accidents, injury or loss is not only essential to the efficient operation of the HET but is also an essential aspect of the education of its pupils.

The BoT aims to provide a safe and healthy working and learning environment for staff, pupils, and visitors. In pursuit of this, it seeks to ensure, as far as is reasonably practicable:

- The provision and maintenance of safe workplaces, and safe systems of work.
- Clear definition of responsibilities of employees at all levels.
- Provision of appropriate information, instruction, training, and supervision.
- Provision of effective systems of communication on all health and safety matters.
- Adequate opportunities for employee consultation on health and safety matters.
- Co-operation with other organisations in respect of health and safety

The arrangements outlined in this policy and the various other safety provisions made by the BoT will not prevent accidents nor ensure safe and healthy working conditions on their own. The BoT strongly believe that only the adoption of safe methods of work and good practice by every individual member of staff can ensure everyone's personal health and safety. The BoT will take all reasonable steps to identify and reduce hazards to a minimum, but all staff and pupils must appreciate that their own safety and that of others also depends on their individual conduct and vigilance while on HET premises or while taking part in sponsored activities.

The BoT will review this policy statement annually and update, modify or amend it as it considers necessary to ensure the health, safety and welfare of staff and pupils.

This local Health & Safety Policy must be read in conjunction with the HET Health & Safety Policy.

Paragraph 6 of the above policy outlines the responsibilities of the School Leader, as follows;

6 Health & Safety Duties of School Leaders

6.1 The overall responsibility for health and safety is that of the School Leader with support from the BoT, the CEO and HET Managed Services. The BoT will work with the CEO and HET Managed Services to ensure the Trust is always health and safety compliant.

The company cannot provide absolute warranty that nut contamination of any product will never occur but does take all possible and reasonable steps to ensure that this cannot happen.

Control measures

4.57 Adequate control measures will be put in place to eliminate/reduce the risk, these will be written on the RA.

Communication process

4.58 All Staff will be made aware of the RA applicable to them.

Review process

4.59 RA will be reviewed every 2 years or earlier if there are significant changes.

Slips and Trips

4.60 The school is inspected regularly for any slip and trip hazards by the Site Manager during the daily unlocking/locking of the school.

4.61 All staff have a responsibility to report any potential hazards that they have observed, such as lifting carpet or trailing leads, to the Site Manager through the Helpdesk Support Ticket System.
